

# Welcome To Lund

- Welcome to Lund and “The science of Gaia and future challenges” bringing together people from Galactic dynamics and Astrometry.
- Invited talks are  $25 + 5 = \mathbf{30\ mins}$  of presentations + questions.
- Contributed and some invited talks are  $20 + 5 = \mathbf{25 mins}$  of presentations + questions.
- Session chairs will ensure you stick to the time limit - time on the program is the **total** time.
- Upload talks before morning and afternoon sessions using USB sticks!
- Lunch (12:30 - 13:50) - please find a **nearby** restaurant - maps are available at reception!
- Ask (or follow) a local - lunch is 100kr +/- 20 kr.
- Coffee and snacks will be served twice a day (10.30/50 & 15.10) in the poster room outside.
- Don't leave personal belongings in the room it is not guarded - your responsibility.
- Thursday there will be a drinks reception (19:00) and conference meal (19:30) in the white house - must have registered for this separately. Group photo at 12:30.
- Eduroam Temporary User ID and password ("trust" certificate radius1.lu.se.):
- UID:           PW:

# Welcome To Lund

- This meeting is dedicated to celebrating the career and achievements of Lennart Lindegren who has been very important for both Hipparcos & Gaia and has just retired but is still very active - to our great relief!
- We have a large poster outside on a desk which you can sign if you wish!
- Michael Perryman was project scientist for both Hipparcos and Gaia for almost 30 years, and knows, perhaps more than anyone else, how absolutely crucial Lennart has been for these missions. Michael.....
